Mr. Don I. Wortman
Deputy Director for
Administration
Central Intelligence Agency
Washington, DC 20505

Dear Don *Don*

I have enclosed what I hope is an acceptable Memorandum of Understanding, as called for by the National COMSEC Directive of 20 June 1979. There has been coordination between our staffs on its content, and consultation as well between our General Counsels. Two copies are provided, so we may each retain an original.

I'd like to repeat my invitation for you (and one or two others) to visit us for a half-day or so. I'm sure you'd find it interesting and useful.

This correspondence may be declassified upon removal of the enclosure.

Regards,

Howard
